Re: In Re Arbitration between COLT Telecom A/S and Frontline
Communications International, Inc., 07 CV 6007

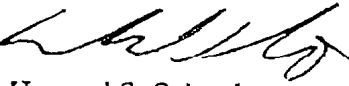

Dear Judge Marrero:

We represent petitioner COLT Telecom A/S. On Monday, June 25, we filed with the Court a petition to confirm an arbitration award in our client's favor and against respondent Frontline Communications International, Inc. We write to request that the Court set a return date of July 19 with respect to the petition.

As the arbitration award (an exhibit accompanying the petition papers,) recites, although Frontline participated in the initiation and early stages of the arbitration process, its attorney withdrew from the arbitration before the award was issued, and Frontline has not recently responded to notices from the arbitration panel. Since Frontline, a New York corporation, remains amenable to service through the New York Secretary of State, we have initiated service of the petition through the Secretary, and will also attempt substituted service. Our experience in the arbitration suggests that Frontline will not respond to service of process. However, if Frontline does choose to contest the petition, the return date we have requested should provide adequate opportunity for service to be effectuated and for Frontline to respond.

We therefore respectfully request that the Court direct that July 19, 2007 be the scheduled return date of COLT's petition to confirm the arbitral award.

Respectfully,

Howard S. Schrader

Respondent is directed to advise the Court by 7-3-07 whether it intends to respond to the petition herein to oppose the confirmation of the arbitration award. If opposition is contemplated, the return date for service of the response shall be 7-19-07.

SO ORDERED:
